Css , javascript,Html

CSS, JavaScript, HTML

Created my first frontend project using CSS, JavaScript, and HTML. This project provided valuable experience in front-end development and understanding the intricacies of web design.

RECIPI PROJECT | [Link](#)

Python , Django, Html , Bootstrap

Python, Django, HTML, Bootstrap

Developed a dynamic Recipe Management System that supports CRUD operations. The project includes user authentication with login and signup functionalities to secure user data. It utilizes SQLite for data storage and showcases the use of Django for backend development and Bootstrap for responsive design.
